BOARD EVALUATION & STRATEGY

Comprehensive Website Audit & Digital Modernization Blueprint

An Objective Third-Person Review of udhavumullangal.org.in Through the Lens of Corporate CSR Committees & High-Value Philanthropists

TARGET WEBSITE	AUDIENCE	PRIMARY GOAL	DATE & VERSION
udhavumullangal.org.in	Board of Trustees & CSR Leads	Win 100% Corporate CSR Confidence	October 2026 • Executive Edition

1 Executive Summary: The Corporate Due Diligence Lens

Corporate CSR foundations, institutional grantmakers, and high-net-worth philanthropists operate under strict regulatory and reputational standards. Before releasing grants under **Section 135 (Schedule VII) of the Companies Act**, corporate vetting teams perform thorough background reviews of the NGO's digital footprint.

1. Governance & Regulatory Authenticity

Do statutory registrations (80G, 12A, CSR-1) verify accurately? Are trustees credible, active professionals with verifiable profiles?

2. Operational Precision & Brand Care

Does the NGO reflect institutional rigor? Any spelling mistakes, broken links, or copy-pasted foreign text raise red flags during risk assessment.

24+	1.85L+	₹4.0 Cr+	CSR-1
YEARS OF GROUNDWORK	VERIFIED BENEFICIARIES	FUNDS DEPLOYED IN CAUSES	CSR 00000897 CERTIFIED

2 Core Strengths to Preserve & Amplify

Tier-1 Corporate Validation

Longstanding project partnerships with **Accenture, AstraZeneca, NatWest, LIC, SBI, eNoah, Visteon, TTK** prove field excellence.

Selfless, Inspiring Leadership

Founder **B. Sankar Mahadevan** left banking at 53 to dedicate his life to service. Board includes prominent corporate COO/CFOs.

High-Impact Flagship Programs

The **Nellai Cancer Care Hospital**, **Gift of Education**, **Skill Development Centre**, and **Anandha Deepavali**.

Active Statutory Compliance

80G Certificate, 12A registration, and CAF (Charities Aid Foundation) New Delhi validation are earned and active.

3 Critical Red Flags Identified on Current Site

The following anomalies were extracted directly from the live production site. These discrepancies directly hurt donor confidence and cause corporate CSR committees to question administrative quality:

1. Copy-Pasted Foreign NGO Platform Name ("betterplace.org")

CRITICAL RISK

```
Page: https://udhavumullangal.org.in/our-team/
Section: "What is our goal in the long run?" (Repeated in 2 columns)
Text: "...Above all you! You and the tens of thousands of world-improvers, who make betterplace.org grow and thriv
e."
```

Sponsor Due Diligence Risk: *Betterplace.org* is a German donation platform. When a corporate legal/CSR auditor reads another charity's name on the Trustee page, they suspect the website is plagiarized or unverified, instantly freezing grant discussions.

2. Commercial WordPress Theme Demo Image in Live Mission Slider

CRITICAL RISK

```
Page: https://udhavumullangal.org.in/about-us/
Slide 2 Image URL: https://financewp.themesflat.co/wp-content/uploads/2020/11/slide-overview02-1.jpg
```

Sponsor Due Diligence Risk: The mission carousel pulls stock images from an off-the-shelf theme vendor server ("Finance WP"). This signals incomplete work and lack of administrative care.

3. Misspelled Corporate Partner Brand ("Wipro" listed as "Wibro")

HIGH REPUTATIONAL RISK

```
Page: Homepage "Our Supporters" grid
Asset: partner15-wibro.png | Tag: alt="wibro"
```

Sponsor Due Diligence Risk: Corporates maintain strict brand guidelines. Misspelling a major technology corporate sponsor damages credibility and insults the sponsoring brand.

4. Disjointed Donation Journey (Redirects to Raw Bank Form)

HIGH CONVERSION LOSS

```
Action: Clicking "Donate" violently redirects off-site to:
https://formbuilder.ccavenue.com/live/city-union-bank/...
```

Sponsor Due Diligence Risk: Prospective donors are ejected to an unbranded, confusing bank form. There are no transparent giving tiers (e.g. ₹5,000 sponsors a student for 1 year), no explanation of impact, and no instant 80G tax receipt guarantee.

4 Structural & Governance Deficits

5. Complete Absence of a Dedicated Corporate CSR Section

MAJOR REVENUE BLOCKER

Why Corporates Cannot Proceed: CSR committees require structured Schedule VII alignment (Eradicating Hunger/Poverty, Promoting Education, Healthcare & Cancer Prevention). The website has no downloadable **CSR Pitch Deck**, no formal proposal request flow, and no case studies detailing corporate ROI (e.g. Accenture Keezhakundalapadi school building).

6. Missing Audited Annual Reports & Public Financial Statements

GOVERNANCE DEFICIT

Why Corporates Require This: Trust is built on audited numbers. The site only hosts 80G and 12A PDFs in the footer. It lacks downloadable Annual Reports, Form 10B audit summaries, and expenditure breakdown charts showing program vs. admin spending ratios.

7. Broken Navigation, Section Duplication & Obsolete Code

TECHNICAL DEFICIT

Specific Bugs: Broken link to `/out-team/` on About Us; "Women Empowerment" button loops back to homepage; "What we do" heading is repeated twice on the homepage; copyright year stuck at 2024 wrapped in an invalid <h2> HTML tag; heavy preloader causing slow loading.

5 Current Website vs. Recreated Standard

Feature	Current Website (What's Hurting Us)	Proposed Recreated Platform (Sponsor-Ready)
Brand Design	Generic accounting/finance theme; outdated slider; bloated WordPress code.	Modern bespoke humanitarian UI using official brand Navy (#19396D) & Crimson (#EC124F).
Corporate CSR Portal	No dedicated CSR hub; no Schedule VII mapping; no downloadable deck.	Dedicated "Partner With Us (CSR)" section with 1-click CSR Proposal PDF download & case studies.
Governance & Transparency	Raw PDF links in footer; foreign copy-paste text; no audited balance sheets.	Full Governance Hub: Audited Reports, Form 10B, CSR-1, Trustee credentials & LinkedIn.
Donation Experience	Ejects to raw City Union Bank CCAvenue form; zero giving tiers or impact story.	On-site donation modal with transparent giving tiers, 80G tax calculator & automated receipts.
Speed & Mobile	Heavy preloader; slow Revolution Slider; layout shifts on mobile.	Ultra-fast static loading (< 1 sec), flawless mobile responsiveness, zero clutter.

6 Core Pillars of the New Website Architecture

1. Corporate CSR Hub

- Companies Act Sec 135 Schedule VII alignment
- Accenture / AstraZeneca past project case studies
- Instant CSR Proposal Deck PDF download
- Custom partnership inquiry form with instant routing

2. Nellai Cancer Hospital Hub

- Live construction milestone & bed progress tracker
- Affordable cancer care model for rural underprivileged
- Equipment & ward sponsorship naming opportunities
- Doctor & patient video stories from the ground

3. Trust & Donor Transparency

- Audited Financial Statements (Last 3 FYs)
- Form 10B / 10BB & CSR-1 verification links
- Clear breakdown: ₹88+ of every ₹100 directly to cause
- Verified testimonials from students & patients

7 Trustee Action Plan & Implementation Milestones

1

Phase 1: Content Sanitization & Credibility Cleansing (Immediate)

Completely remove foreign platform text ("betterplace.org"), eliminate external demo images, correct corporate sponsor spellings (Wipro), and fix broken navigation links.

2

Phase 2: Modern High-Speed Frontend Engineering

Build a state-of-the-art web application implementing the official brand palette (Navy #19396D, Crimson #EC124F), fast page loads, interactive impact dashboards, and mobile optimization.

3

Phase 3: Launch of the Dedicated Corporate CSR & 80G Donor Hub

Incorporate the automated 80G tax receipt flow, downloadable CSR Pitch Deck, Nellai Cancer Hospital progress tracker, and comprehensive Board governance credentials.

Document Prepared For: Board of Trustees, Udhavum Ullangal Public Charitable Trust
Recommendation: Proceed with full recreation to safeguard corporate CSR partnerships.

Status: Approved for Trustee Circulation
Action: Review & Greenlight Phase 1 Rebuild
